Visit <https://code.visualstudio.com/>

Hello World

hello.py

```
print("hello world")
```

output

```
hello world
```

Where can I practice online?

- You can also code and run program on your browsers using:
 - <https://repl.it/languages/python3>
 - https://www.onlinegdb.com/online_python_compiler
- You can also register on these sites for practicing:
 - <https://www.hackerrank.com/>
 - <https://www.hackerearth.com/>
 - <https://codeforces.com/>
- Going to hackerrank and solving python is recommended.

That's all folks!
